

ARDOIN'S And Now Comes El Paso's Greatest Meat Sale

Three thousand families now have an opportunity to provide meat to last at least three days at a saving of 33 1-3 percent here tomorrow. Where can you find such values and at the same time get the finest meats?

Any family can save from \$4.00 to \$10.00 per month on their meat purchases by attending Ardoin's special meat sales and, at the same time, get absolutely the best and choicest meats on the market. This saving will help pay the grocery and other bills and in a year most any family could save \$100 by buying their meats, vegetables and fruits at Ardoin's. All poultry is home dressed and the meats are home inspected.

**Ours Meat Is Inspected Three Times Before
It Is Delivered to You**

First, at the slaughter house before it is killed. Second, at the slaughter house after it has been prepared for the market, and third, it is inspected each morning before it is sent out to the trade. You are trebly sure of getting good, wholesome meat, when you buy here.

First Mid-Week Sale a Hammer

This week we introduced our first mid-week meat sale and it was a hammer. El Paso people have just begun to realize and appreciate what Ardoin's market has done for them—giving absolutely the best meat and at a price you pay for the ordinary kind of meats. Our monthly credit customers are allowed the same prices at the sales that are given to cash customers.

To the Public

In El Paso the custom of giving orders over the telephone has become no little thing and it is not our intention to insinuate that this is not satisfactory, or that we do not approve of it. However, we desire to impress upon the public that a frequent visit to your favorite market should be made and tomorrow we extend a most cordial invitation to all our customers, as well as those who have never traded at this market, to visit us tomorrow. We want to show you how careful, how clean and how modern our market is kept; how courteous our employees are and the excellent service you get when trading at our market.

Telephone orders always receive prompt and careful attention, but if possible tomorrow we would consider it a favor if you pay us a visit and bring some friend with you.

LAS CRUCES AND MESILLA VALLEY

NEWS FROM THE MESILLA COLLEGE

Students to Stage an Ibsen Play—New Students Enrolled.

Agricultural College, N. M., Jan. 21.—Harry Parks, of Lake Valley, was a college visitor today.

Jesus Ochoa, of Anthony, visited Mesilla Park and the college Thursday afternoon.

At the concert given by the Y. W. C. A. \$30 was raised for furnishing the girls' room.

Professor Leonardo Uribe, who for a number of years sang in grand opera in Mexico City, entertained the student body at the Tuesday assembly. He rendered two selections in Italian and three in Spanish, one of which was the well known La Paloma.

The freshman expression class is working with a study of Henrik Ibsen. An exhaustive study will be made of his "Rosmerholm" and his "John Gabriel Burckman" will be staged by the class. The play will be given some time in the spring. Misses Buven, Hines and Edna and Sylvia Anderson, Messrs. Harwell, Briggs and Ewing, will be in the cast.

Miss Edna Burke Taylor, of Deming, a former student, was visiting the college Wednesday.

Will Poe has withdrawn from school and is working on his father's ranch near Old Mesilla.

David E. Baca has withdrawn from school and gone to San Marcial.

J. W. Boutz, '06, has accepted a position at the college farm.

Quite a little repair work is being done on the boys' dormitory.

The domestic science department is receiving and filling orders for bread and pastry.

Mr. Pierce has resumed his work as head janitor. Clarkston, who leaves that position, is now working at the depot "smashing baggage."

Miss Doris Brown led the regular bi-monthly meeting of the Y. W. C. A. at 11:00 a. m. today.

The following new students have entered school here: James Nourse, Spokane, Wash.; Edward Woodson, Las Cruces; Adelina Jaramillo, Ft. Sumner, N. M.; Frank England, New York City; Roger Jackson, Las Cruces; Pearl Hamersley, Endee, Ia.

CRUCES SAW THE COMET.

Las Cruces, N. M., Jan. 21.—A comet was seen from Las Cruces last evening about 6 o'clock. It appeared very low on the horizon in the west and south of Pacacho Peak, and as it was in view only about half an hour, not many had the chance to see.

FRUIT GROWERS HAVE A MEETING

Spraying Discussed at Las Cruces—Inspector Is Wanted.

Las Cruces, N. M., Jan. 21.—The farmer's institute, under the auspices of the Mesilla Valley produce exchange, met yesterday afternoon for its regular monthly exercises.

The topic of fruit culture, which had been previously announced, proved most interesting.

Mr. Grant, of Colorado, gave a very interesting talk from his own experience, also answering many questions from the fruit growers present. He stated that they spray in his section from two to five times, but that three times is the usual average.

Much interest was manifested in the smudge pot which he explained as to methods, cost, etc.

Professor Garcia gave a blackboard talk on the life of the insect and from his data showed from a systematic study of the animal itself the times which would be the most effective for spraying in order to destroy its reproduction.

The first spraying should be about April 19, the second April 23, third May 24, fourth June 18, fifth July 13, sixth August 16, but that the dates as

given would probably vary a little depending on the opening of the spring season.

Theo. Roualt, Fabian Garcia and S. P. Stewart were appointed to go before the board of county commissioners and ask that a fruit inspector be appointed and provided in accordance with the laws of the territory.

WOMAN DIES IN LAS CRUCES STORE.

Las Cruces, N. M., Jan. 21.—Mrs. Francis E. Gale, who came with her hus-

CLEANING DITCHES AROUND BERINO

Santa Fe to Move Depot Without Tearing It Down.

Berino, N. M., Jan. 21.—Alcalde Snyman has a large force at work on the Three Saints ditch preparatory to turning in water from the river. The entire force of the ditch will be called early next week on the river cutoff canals at Earlham and Anthony. This work is a benefit to the entire valley, but some shortsighted people have done some annoying on the Anthony cutoff.

The railroad company has a gang of men at work removing whistling posts, buildings and cattle guards and mail cranes from along the track to permit the transportation of the Las Cruces depot to La Tuna. The building is to be brought down entire and it hangs over considerably more than the ordinary train.

D. J. Jones, Jno. C. McNary and G. A. Snyman were El Paso visitors the past week.

J. J. Sewall, of Las Cruces, was in the neighborhood Wednesday.

Lorraine Perlet, of El Paso, is visiting the San Ysidro ranch recuperating from a serious attack of a gripe.

R. E. Bowden, secretary, is winding up the available hay of the B. A. F. A. The price of choice hay is now \$15.75 f. o. b. Berino and Anthony. R. Jackson is the latest applicant for membership in the B. A. F. A.

DEEDS.

Las Cruces, N. M., Jan. 21.—The following deeds and other papers have been filed with the recorder of Dona Ana county:

Falling Hair

You Run No Risk When You Use This Remedy.

While many people in their prime doubt the assertion that "the hairs of our head are numbered," yet there is today many a man and woman fast reaching the point where this statement is literally brought home to them. If you suffer from irritation of the scalp, and from dandruff, or if your hair is falling out, do not wait until you reach the point where you can actually count how many hairs are left on your head.

Most cases of baldness are caused because the roots lack proper nutrition. In such cases there is a microbe which bores through the scalp along the line of the hair into the root and when it bores there it begins to destroy the fatty matter around the hair roots. When the scalp and hair roots are strong and healthy, it is impossible for these microbes to get in their deadly work.

We can promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using "Rexall '93" Hair Tonic. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water, and it is delicately perfumed. It is a real toilet necessity.

We want you to try Rexall '93" Hair Tonic with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our stores.—The Rexall Stores, Kelly & Pollard and People's Drug Store.

Itching Eruptions
